

Climate Database Modernization Program (CDMP)

Data Collections Being Keyed that Contain Surface Pressure

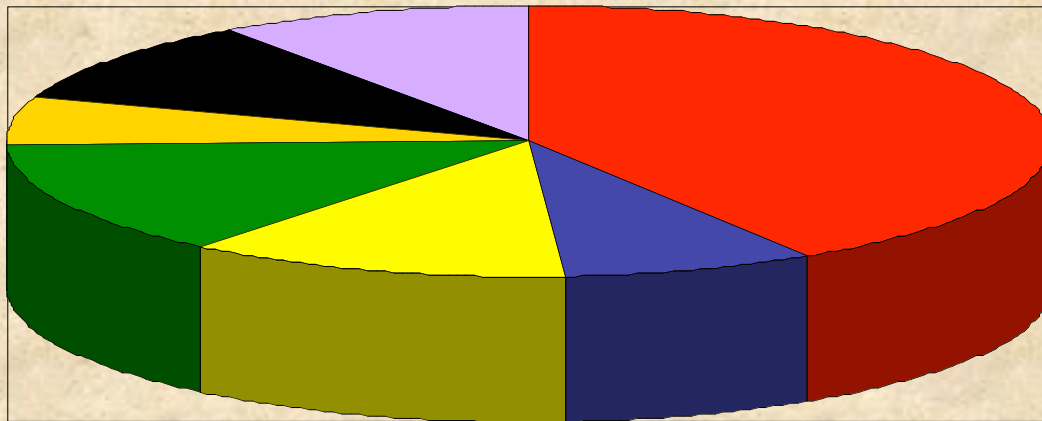

Joe Elms

Program Manager

NOAA's Climate Database Modernization Program (CDMP)

Primary Goal: Digitize and preserve historical climate and environmental data and make them easily accessible via the Internet

50 NOAA tasks
supported by CDMP
FY 2005 funding

- National Climatic Data Center - 21
- National Oceanographic Data Center - 4
- National Geophysical Data Center - 6
- National Ocean Service - 7
- Office of Oceanic and Atmospheric Research - 3
- National Marine Fisheries Service - 5
- National Weather Service - 5

Task Selection
based on an
Annual Proposal
Process

Records being Keyed Under CDMP

- Surface Airways Observations (SAO); 1928 -1948

235 stations keyed

- City Office 1001 forms ;1893-to beginning of SAO

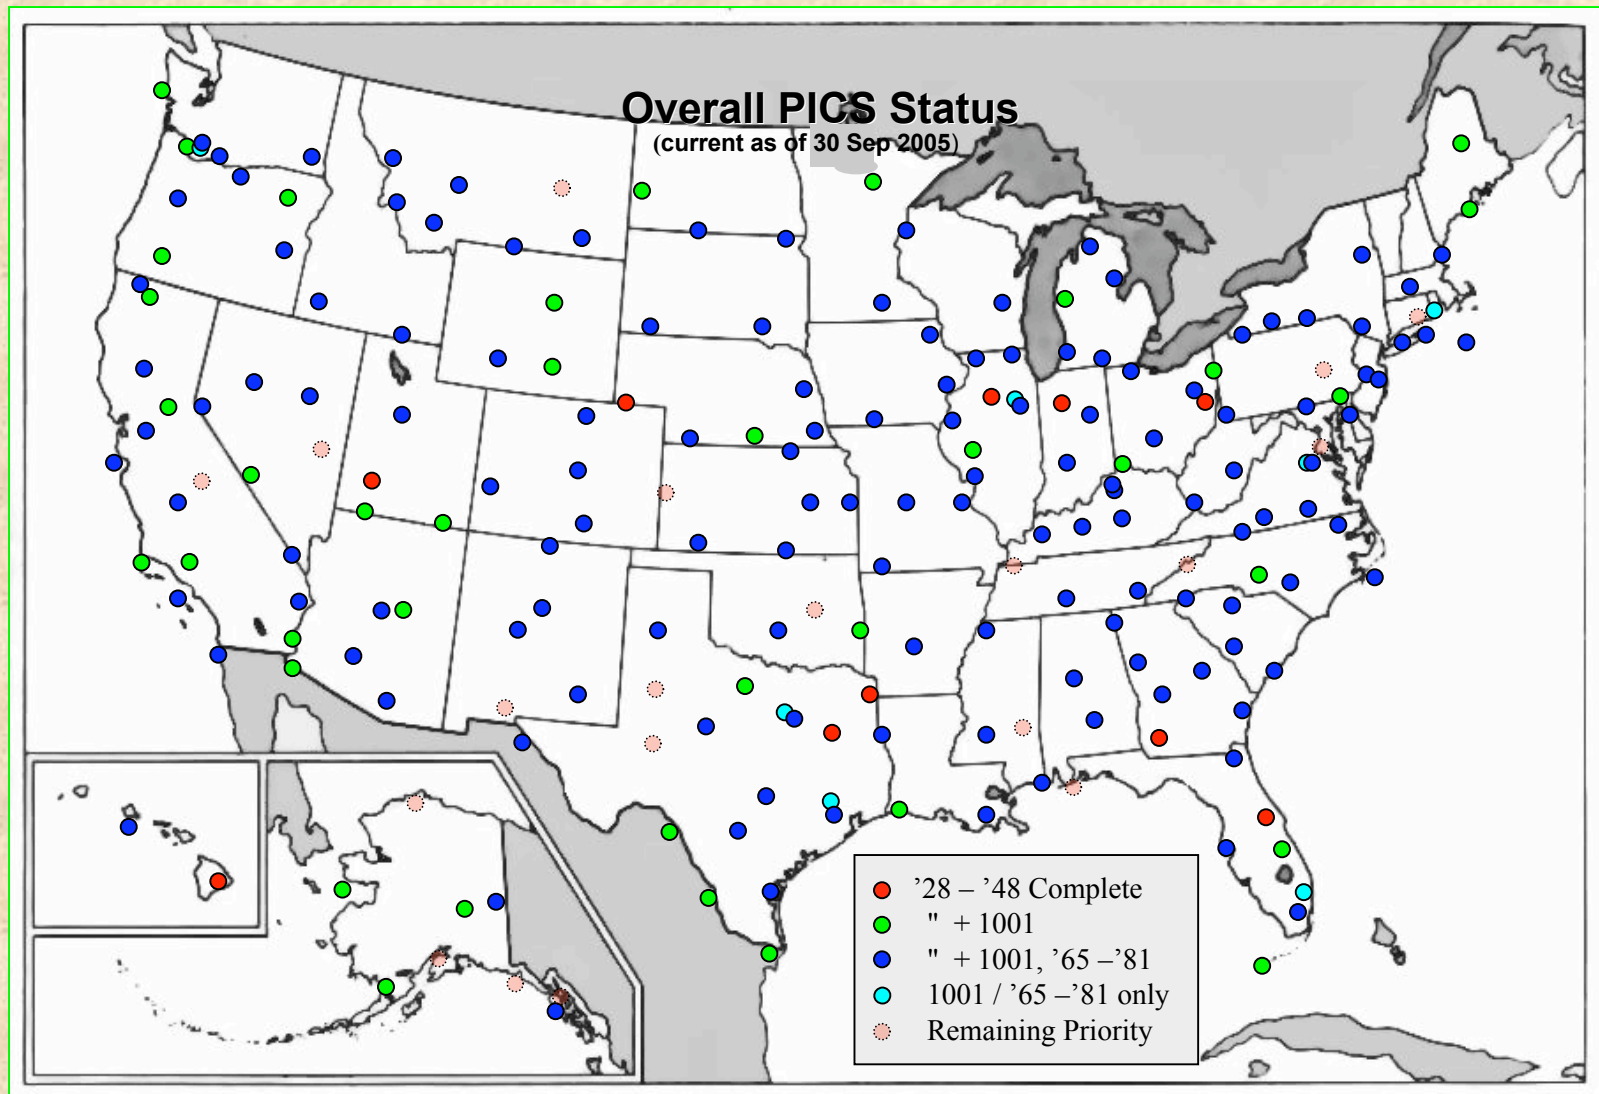

166 stations keyed

- Forts (Army Signal Service) ;1820 -1893

70 stations keyed

- SAO; 1965-1981

136 stations keyed

Number of Station barometer 289.2; its correction, 0.00 inch. TNC IMP. #0047 12.00
